1 Percentages reflect the projected asset allocations under normal market conditions and may be rebalanced from time to time.

Note: Alpha measures the performance of a mutual fund versus its benchmark index. A positive alpha of 1% means the fund has outperformed its benchmark index by 1% and a negative alpha of -1% would indicate an underperformance of 1%.
The style and risk measures illustrated herein are broad-based, relative targets for the Fund. There can be no assurances that the Fund exactly exhibits these categorizations at any given time.

The Fund acquired the assets and assumed the liabilities of the SunAmerica Focused Alpha Growth Fund, Inc. (the “Predecessor Fund”), a closed-end investment company, in a reorganization that occurred on January 23, 2012 (the “Reorganization”). Prior to the Reorganization, the Fund had no operating history. Effective February 28, 2017, the SunAmerica Focused Alpha Growth Fund changed its name to the AIG Focused Multi-Cap Growth Fund. Effective February 28, 2019, the AIG Focused Multi-Cap Growth Fund changed its name to the AIG Focused Growth Fund.

Investments in stocks are subject to risk, including the possible loss of principal. Focused funds are less diversified than typical mutual funds; therefore the performance of each holding in a focused fund has a greater impact upon the overall portfolio, which increases risk, and there is no assurance that a fund will meet its objectives. Stocks of small-cap and mid-cap companies are generally more volatile than and not as readily marketable as those of larger companies, and may have fewer resources and a greater risk of business failure than do large companies.

BAMCO, Inc. and Marsico Capital Management, LLC are independent and unaffiliated investment sub-advisers to SunAmerica Asset Management, LLC.
